

GOVERNMENT MANUFACTURING CONFERENCE

WHEN AND WHERE:

May 19, 2016

Registration, Breakfast and Networking from 8:00am to 8:30am

Program: 8:30am – 4:00pm (Lunch Provided)

The Meadows

850 Kepler Drive

Green Bay, WI 54311

ABOUT THE Conference:

The Federal Government and its prime contractors purchase billions of dollars of parts, components, processes, assemblies and finished products in support of our countries defense, security, and operations. At this conference, we will take a look at current and upcoming opportunities, requirements and challenges facing current and developing Federal suppliers.

Topics will include:

- Critical challenges facing suppliers
- The cyber threat
- ITAR/Export Compliance
- Regulations – changes and priorities
- Develop strategic partnerships and networks

Attendees will also learn how to:

- Prepare their business for the federal supply chain
- Locate and bid on Federal opportunities
- Evaluate their company's readiness as a supplier
- Understand and meet the expectations of a prime contractor
