

Konecranes Nuclear Equipment and Services LLC, New Berlin, Wisconsin, is being awarded \$17,001,475 for firm-fixed-price task order 0001 under a previously awarded, single award, indefinite-delivery requirements contract (N62470-16-D-2013) for procurement of one 25-ton portal crane with removal of the existing crane at Puget Sound Naval Shipyard and intermediate maintenance facility. Work provides for design, fabrication, assembly, delivery, installation, and testing of one 25-ton portal crane, with removal of the existing crane. The new crane will be equipped with a rotating superstructure, luffing boom, main hoist and a single line whip hoist. The crane will be capable of simultaneous hoisting, slewing and luffing with rated load at rated speeds on curved tracks. The task order also contains one unexercised option, which if exercised would increase cumulative task order value to \$18,193,880. Work will be performed in New Berlin, Wisconsin (90 percent); and Bangor, Washington (10 percent), and is expected to be completed by October 2019. Fiscal 2014 other procurement, (Navy) contract funds in the amount of \$17,001,475 are obligated on this award and will expire at the end of the current fiscal year. The Naval Facilities Engineering Command, Atlantic, Norfolk, Virginia, is the contracting activity.
