

June 12 - Lockheed Martin Missiles and Fire Control, Grand Prairie, Texas, has been awarded a \$108,322,712 single award, fixed-price-incentive-firm and firm-fixed-price contract for Advanced Radar Threat System Variant 2 (ARTS-V2). Contractor will provide the development and test of an ARTS-V2 production representative article and options to produce up to 20 systems. Work will be performed at Grand Prairie, Texas; Syracuse, New York; Orlando, Florida; Palmdale, California; Colorado Springs, Colorado; Newark, California; Northridge, California; Batavia, Ohio; Clintonville, Wisconsin; Huntsville, Alabama; Austin, Texas; San Luis, California; Atlanta, Georgia; Middletown, Rhode Island; Virginia Beach, Virginia; Scottsdale, Arizona; and Tallman, New York. Work is expected to be complete by June 30, 2027. This award is the result of a competitive acquisition with two offers received. Fiscal 2017 research, development, test, and evaluation funds in the amount of \$24,700,000 are being obligated at the time of award. Air Force Life Cycle Management Center, Hill Air Force Base, Utah, is the contracting activity (FA8210-17-C-0001).
