

Michels Corporation

Michels self-performs most construction activities on projects, but hires local, specialized contractors when efficiencies can be gained. Whenever possible, they seek the services of qualified small disadvantaged, veteran, women and/or minority owned (D/V/WMBE) businesses.

In keeping with Michels' core values and their commitment to social responsibility it is Michels' policy to provide D/V/WMBE firms the maximum practicable opportunities to participate in the projects they undertake and to help their customers achieve their goals for D/V/WMBE participation.

Michels' established Supplier Diversity Manager and Procurement Team are continuously looking to expand and improve their supplier base with the addition of small and diverse businesses.
