

A Procurement Technical  
Assistance Center (PTAC)

The background of the slide is a photograph of the Wisconsin State Capitol building at night. The building is a large, white, neoclassical structure with a prominent green copper dome. It is illuminated by warm yellow lights from within and by streetlights. The building is surrounded by trees with autumn foliage and a paved plaza. A blue rectangular box with white text is overlaid on the bottom half of the image.

#### 1. [SBA Seeks Funding Proposals from Non-Profits and Local Institutions to Provide Entrepreneurship Training for Service Members, Military Spouses and Veterans - January 18, 2017](#)

WASHINGTON – The U.S. Small Business Administration (SBA) is inviting funding proposals from non-profit organizations, state, local and tribal government agencies, and institutions of higher learning to provide "Boots to Business" entrepreneurship training to service members, military spouses, and veterans.

#### 2. [Chicago Secures \\$1 Billion in Federal Grant Funding for Rail Upgrades - January 10, 2017](#)

Chicago's Transit Authority will receive nearly \$1.1 billion in federal grant funding to help pay for upgrades meant to expand rail capacity on the north side of the city, officials said Monday.

The money will go toward roughly \$2.1 billion of planned work on the city's Red and Purple "L" lines. This will include improvements to track, stations, power and signal systems, and the purchase of 32 new railcars, according to the Federal Transit Administration.

#### 3. [Secure That Smart Toaster and Win \\$3,000- January 4, 2017](#)

The Federal Trade Commission is offering up to \$25,000 in prize money for applications or tools that help people protect their smart home devices from hackers, according to a Federal Register notice.

The competition, which will announce winners in July, comes as the internet is creeping into more and more household devices ranging from baby monitors to toasters.

These internet-of-things devices are often less secure than traditional internet-connected devices such as laptops and smartphones. It's also often more difficult to update the software in these devices to patch vulnerabilities, making

February 7, 2017

*Presented by the Wisconsin Procurement Institute*

# Federal Government

---

- **Overview**

- Purchases over \$500 billion each year - *Wisconsin in FY2015 - \$3.4 billion*
- Purchasing anything and everything
- The government's way or no way
- Small Business Goals are important
- Teaming and partnering also very important
- Rules and regulations
- National - international
- Internet / web based

- **Department of Defense**

- **Largest agency spend - \$272 billion – Purchases nearly EVERYTHING**
  - *In Wisconsin = Nearly \$2.4 billion in FY2015*
  - *DLA spent \$30 Billion in FY2015 - \$234Million awarded to Wisconsin companies*
- **Includes Army, Navy, Air Force**
  - *In Wisconsin largest contractor to the Army – Oshkosh Corporation and largest contractor to the Navy – Marinette Marine*
- **DLA:** DLA is responsible for nearly every consumable item used by our military forces worldwide. This includes fuel, medical supplies, aviation requirements, land and maritime weapon systems, spare parts, construction equipment and material, and critical troop-support items involving food, clothing, and textiles. DLA also procures depot level reparables.

# Some Key Terms

---

- **FSC: Federal Supply Class** – Used to group products into logical families for management purposes – 4 digit code - <https://www.dibbs.bsm.dla.mil/Refs/fsc.aspx>
- **NSN: National Stock Number** - 13 digits, first 4 identify the FSC, last 8 identify the NIIN, [http://www.dlis.dla.mil/webflis/pub/pub\\_search.aspx](http://www.dlis.dla.mil/webflis/pub/pub_search.aspx)
- **NIIN: National Item Identification Number** The first two numbers of the NIIN represent the National Codification Bureau Code. This code identifies the country that entered the item into the supply system. The remaining seven digits are sequentially assigned and serve to individually identify each item in the Federal Catalog System (FCS)

DLA Supplier Requirements Visibility Application (SRVA) search routine contains information for DLA's anticipated requirements based on updated monthly forecasts. Forecasts and resulting requirements are subject to revision based on various contingencies such as changes in demand and availability of funds. These estimates are not binding on the Government. When the Government is prepared to purchase a specific quantity of an item, the Government will solicit for that requirement.

SRVA functionality questions should be emailed to [SRVA@dla.mil](mailto:SRVA@dla.mil).
