Veteran Pursues Massage Business Growth Through SBDC, SBA Mentoring and Contracting Certifications

Jessica Dragan, a Wisconsin native, joined the U.S. Army

as a logistics and transportation specialist and spent four years traveling the globe with tours in South Korea, Texas, and Kuwait during Operation Iraqi Freedom. She knew when she left the service that she would take a different path. She spent two years in Los Angeles studying as many styles of massage as she could learn. She gained experience working at one of the Los Angeles area's most respected spas, Burke Williams. In 2009, she felt a pull back to Wisconsin and family, and returned to the Milwaukee area.

She started her business, Spa Massage on the Go, working with people in their homes. Unlike many massage therapists, she felt more comfortable working with clients in their own environments rather than in a salon or other setting. Soon she began hiring other massage therapists on contract when she needed extra help. Within a year, Spa Massage on the Go needed more help on a regular basis. She expanded her practice

to retirement homes and homes for the disabled and started working at corporate wellness events, sometimes personally working on as many as ten clients a day. By 2013, the rigors of the physical work of massage resulted in an injury. She soon realized that she needed to work more on her business and do less hands-on work with clients. Thus began an intensive phase of business planning and development.

Seeing a TV ad prompted her to begin exploring government contracting as a possible business opportunity. In 2014, she attended SBA's ChallengeHER women's contracting event in Milwaukee and began attending the Wisconsin Procurement Institute's (WPI) events and classes to educate herself. She also reached out to SBA's Veterans Service Development Officer Frank Demarest. By August 2015 she had gotten certified as a Service Disabled Veteran-Owned Small Business, an Economically Disadvantaged Woman Owned Small Business and a Wisconsin Women's Business Enterprise.

Jessica also has sought SBA counseling and mentoring resources, which can help businesses generate

more revenues and hire more employees. With mentor Richard Gorko of the Small Business Development Center in Milwaukee, Jessica is working on her business model canvas. This easy-to-use tool helps business owners put the key aspects of their business development on just one sheet of paper.

Rick says, "Right now, Jessica is quantifying her value proposition, which focuses on convenience and customized service on location, and prioritizing her customer segments so that she can create consistent revenue streams. She is very committed to her business' success." In a new venture, Jessica has just partnered with an eldercare concierge provider in the Milwaukee area as its exclusive massage therapy service. In the meantime, Spa Massage on the Go still has nine contract massage therapists working with current clients. Jessica says that she's finding the resources she needs and a level of ease working SBA partners as she grows Spa Massage on the Go. She says, "As a veteran, it feels very comfortable. It's straightforward—it feels like home."

Hayward Awards Business Finds Online Niche in Contracting through HUBZone Location

When Dennis Smith was coaching high school basketball in the 1980s, he never dreamed his dissatisfaction with local trophy products for his teams would set him on a journey to government contracting. After building a golf course in the 1990s and selling personalized trophies and awards there, Smith decided to open a small shop in the town of Hayward. In fall 1996 he went to look at Apple Awards, a mail order awards business whose owners had recently moved from Green Bay to Hayward. When the owners realized they needed to sell the business and retire, Smith was in the right place at the right time. Apple Awards historically has sold to teachers' associations and educational organizations. Its brass, marble and crystal apple products are sourced from India, Taiwan and China with personalizing and base production taking place at its Hayward shop. Smith keeps a ready stock for quick service and ships products to all 50 states, Canada and occasionally China.

While Smith continued to sell from

his local shop after purchasing Apple Awards, he saw a great opportunity in the nascent Internet to add to the traditional catalog and mail order marketing for the company. Before it was common, he built an e-commerce site in 2000. Through the years he developed his online business into a thriving one, with more than 700 new customers in 2015. As his online business was growing, Smith's foray into contracting began in September 2014 when he attended a seminar held by the Wisconsin Procurement Institute, the federal Procurement Technical Assistance Center in the state. Through that and WPI's in-person visit to his business, he learned Hayward was in one of Wisconsin's historically underutilized business zones (HUBZone), which are designated to encourage economic development and employment growth in distressed areas by providing access to more federal contracting opportunities. As a HUBZone-certified small business, Apple Awards could receive a 10 percent price preference

and be awarded sole source contracts.

Smith's first step was to register Apple Awards in the System for Awards Management (SAM) online with the help of Joe Smetak and Ben Blanc at WPI. The registration led to a contract with the New York Housing and Preservation Authority, which had an incentive to use small businesses and is now a repeat customer. Dennis worked on the HUBZone verification process around the daily demands of his busyschedule. Soon after completing it in 2015, he got his first HUBZone contract with a Texas-based company. Smith is looking now at how to sustain the HUBZone advantage and his SAM registration as an income stream. "I'm pulling business into Wisconsin that I would not have been able to without the registration, and WPI was key to getting me into SAM and into the HUBZone program. It's a commitment and I'm looking at the best way to move forward."

Determination, Investment in People Drives 8(a) Graduate to Excellence in Government Contracting

When Thomasina M. Ivy was working for a Large Corporation in 2000, she was told it would be many years before she could be considered for a vice presidency. She rejected that path--she had already built up extensive professional experience, and, as a Milwaukee native, she had seen firsthand the effects of urban poverty, lack of education, and economic decline. She wanted more for herself and her community.

Ivy founded TMI Consulting LLC in March 2001 as a single person firm. TMI provides professional services for local state and federal governments as well as commercial businesses. Its core competencies include business process re-engineering, financial and risk management, infrastructure support, project and program management, and security services. The firm's core values are integrity, innovation, and growth, and from the beginning it has successfully demonstrated all three.

While her first clients were major corporations, many from her extensive network of professional contacts, she had her eye on the federal marketplace. Ivy first applied for SBA's HUBZone (Historically Underutilized Business Zone) program as a way to fulfill her deep commitment to providing employment for economically disadvantaged populations. The HUBZone program helps small businesses located

in distressed urban and rural communities to access federal sole source and set-aside contracts. To qualify, the business must be located in a designated HUBZone area, and at least 35% of employees must also live in a HUBZone. Since then, she has trained and hired employees from HUBZones throughout the country, with 40 percent of her staff living in HUBZones.

That same year, she also enrolled in SBA's 8(a) business development program for economically and socially disadvantaged small businesses. This nine year long program provides training, counseling, and matchmaking opportunities as well as sole-source contracts of up to \$4 million for goods and services and \$6.5 million for manufacturing. Within a few years, she had contracts with the Department of Transportation, the Department of Justice, the FBI and HUD. She obtained financing and a line of credit to help meet the growth opportunity provided by the contracts. In 2010, the year she graduated the 8(a) program, the company was awarded a \$7.2 million contract to provide enterprise architecture support to the Department of Labor, and got additional financing from Associated Bank to fund the necessary growth. TMI now self-funds its line of credit.

From the start, Ivy has viewed her employees as her top asset. She

invests about \$10,000 on average in her team members to train them on the latest technologies and necessary industry certifications. The company recently began an internal mentorship program which pairs soon-to-retire, experienced employees with newer, more tech-savvy hires. This commitment, along with company's ISO 9001:2008 Certifications ensures that it meets or exceeds its contractual obligations has paid off with repeat business, high growth, national recognition, and the trust of lenders. The company has consistently placed in the Inc. 5000 list and Washington SmartCEO Magazine recognized Ivy as one of its 25 Brava! Award winners in 2012. Forbes published a profile of her in its June 2016 issue focused on women business leaders.

In 2016, Thomasina Ivy was recognized as Wisconsin's SBA 8(a) Graduate of the Year for her business development and growth through the 8(a) program and her commitment to the community. What's next for TMI Consulting and Thomasina Ivy? "TMI Consulting will continue to make significant investments in our people, processes and the communities in which we do business. This will assist us in becoming better at what we do and launch us into our next phase."

What does the Government look for in a Contractor?

INSIGHTS to the **DECISION MAKING** and **BUYING PROCESS**

There has to be a **REASON TO PURCHASE**

- NEED
- PROBLEM THAT NEEDS SOLVING
- **NO ONE HAS TO BUY FROM YOU**

CAPABILITIES

1. Quote – Bid
2. Administer contracts / awards
3. Manage your supply chain
4. Appropriate quality level
5. Business Management Process (ERP etc...)
6. Accounting system that can identify, segregate and analyze
7. Appropriate certification – technical expertise and talent
8. Electronic-capabilities vs. paper

What is the **DRIVER** in the **DECISION MAKING PROCESS**

- **Evaluation criteria**

- If they want it LARGE and BLUE – it has to be LARGE and BLUE
- If they want it done by March 2017 – you need to be able to get it done by March 2017
- If they want 200 hours of professions services with 5 years of experience – you need to be able to provide it

- **Past Performance** – YOUR REPUTATION (they talk you know)

- **Price – Best Value - Competitive**

What is the **DRIVER** in the **DECISION MAKING PROCESS – WHY YOU**

- **Experience – do you have it**

- **Work of the same type** – you are going after renovation of 1000 sq ft at the VA Milwaukee / you have been successful at renovating 800 sq ft at VA Iron Mountain
- **Work that was similar in size and scope** – you are going after grounds maintenance at the 128th ARW – no experience or have you done similar work for a small business down the street

- **Capacity / capabilities**

- One man show bidding on \$1 million contract requiring 5,000 labor hours in 3 different labor categories?
- Bonding – financing
- Award would double the size of your company

Why is someone **NOT CHOSEN**

- **NOT RESPONDING**
- **NOT RESPONDING** to bid / solicitation **AS REQUIRED**
 - Late in submitting
 - Saying you can do X but they are asking for Y
 - Not answering questions
 - Asking to replace windows that can open – you offer windows that are sealed shut
- Can't demonstrate that you can **MEET THE REQUIREMENTS**
- **PRICE**
- **LACK** of **CAPABILITY** or **CAPACITY**
- **LEGAL** or **FINANCIAL ISSUES**
- **BAD PAST PERFORMANCE**
- **NO EXPERIENCE** (but there are ways to take the first step – previous slide)

When **AGENCY or LARGE BUSINESS** representatives are asked
- **WHAT IS MOST IMPORTANT** when first meeting with a
business

- They have done their **HOMEWORK**
- They have a **GOOD TRACK RECORD**
- They have **EXCELLENT QUALITY / SAFETY**
- They know who they are and what they **CAN REALLY DO**
- **NO ISSUES**

CAPABILITIES – LEVERAGING SMALL BUSINESS PROGRAMS

Federal Goals:

- 23 percent of prime contracts for small businesses;
- 5 percent of prime and subcontracts for women-owned small businesses;
- 5 percent of prime contracts and subcontracts for Small Disadvantaged Businesses;
- 3 percent of prime contracts and subcontracts for HUBZone small businesses;
- 3 percent of prime and subcontracts for service-disabled veteran-owned small businesses.

CAPABILITIES – LEVERAGING SMALL BUSINESS PROGRAMS

SMALL BUSINESS PROGRAMS AND THE PRIME CONTRACTOR

- a. Small Business Subcontracting Plans**
- b. \$700,000 for manufacturing**

Value of the Small Business Programs

Federal Government

- Small business goals apply to
 - Contracts directly with Federal agencies
 - With large Prime contractors with large Prime contracts

Government Contracting Programs

What is a Small Business Set Aside?

Small business set-asides are a powerful tool for helping small businesses compete for and win federal contracts.

Women-Owned Small Businesses

The Women-Owned Small Business (WOSB) Federal Contract program authorizes contracting officers to set aside certain federal contracts for eligible women-owned small businesses.

8(a) Business Development Program

Learn how SBA's 8(a) Business Development Program helps small, disadvantaged businesses compete in the marketplace.

HUBZone Program

The Historically Underutilized Business Zones (HUBZone) program helps small businesses in urban and rural communities gain preferential access to federal procurement opportunities.

Service-Disabled Veteran-Owned Businesses

disabled veteran-owned small business concerns.

Small Disadvantaged Businesses

Firms that are considered to

Marketing Your Certification

Federal Government

- Register as a contractor - www.SAM.gov

The screenshot shows the SAM (System for Award Management) website. At the top, there is a header with the SAM logo (a stylized American flag) and the text "SYSTEM FOR AWARD MANAGEMENT". To the right of the logo are input fields for "USER NAME" and "PASSWORD", a "LOG IN" button, and links for "Forgot Username?" and "Forgot Password?". Below these is a link to "Create an Account". A dark blue navigation bar contains links for "HOME", "SEARCH RECORDS", "DATA ACCESS", "GENERAL INFO", and "HELP". The main content area is divided into three columns. The first column, "CREATE USER ACCOUNT", explains that CCR usernames won't work in SAM and provides a "Create User Account" button. The second column, "REGISTER/UPDATE ENTITY", explains that users must first create a user account and provides a "Register/Update Entity" button. The third column, "SEARCH RECORDS", explains that entity records from CCR/FedReg and ORCA have been moved to SAM and provides a "Search Records" button. Below these columns is a section titled "WHAT IS SAM?" which describes the system as the Official U.S. Government system for consolidating CCR/FedReg, ORCA, and EPLS. It states there is no fee to register and provides a "Need Help?" button. At the bottom, there are three links: "NEWS AND ANNOUNCEMENTS", "USER GUIDES/HELPFUL HINTS", and "ATTENTION EXTRACT AND WEB SERVICE USERS".

SAM
SYSTEM FOR AWARD MANAGEMENT

USER NAME PASSWORD **LOG IN**
[Forgot Username?](#) [Forgot Password?](#) [Create an Account](#)

HOME **SEARCH RECORDS** **DATA ACCESS** **GENERAL INFO** **HELP**

CREATE USER ACCOUNT
Your CCR username will not work in SAM. You will need a new SAM User Account to register or update your entity records. You will also need to create a SAM User Account if you are a government official and need to create Exclusions or search for FOUO information.
Create User Account

REGISTER/UPDATE ENTITY
You can register your Entity (business, individual, or government agency) to do business with the Federal Government. If you are interested in registering or updating your Entity, you must first create a user account.
Register/Update Entity

SEARCH RECORDS
All entity records from CCR/FedReg and ORCA and exclusion records from EPLS, active or expired, were moved to SAM. You can search these records and new ones created in SAM. If you are a government user logged in with your SAM user account, you will automatically have access to FOUO information.
Search Records

WHAT IS SAM?
The **System for Award Management (SAM)** is the Official U.S. Government system that consolidated the capabilities of CCR/FedReg, ORCA, and EPLS. There is NO fee to register for this site. Entities may register at no cost directly from this page. User guides and webinars are available under the Help tab.

Partnering

Relationships...

A true partnership requires both sides to have an investment, and an expected return. Nagel Architects has developed several strong partnerships over the years.

Fuse Planning + Design is a Joint Venture of **Facility Elements** and Nagel Architects. Fuse was created to pursue laboratory projects in the public sector and brings the specialized lab planning talents of Facility Elements' Eric Slifer and Steve Leonhardt together with the medical facility experience of Nagel Architects.

Nagel Architects continues to maintain a strong relationship with **IBC Engineering Services, Inc.**, an 8(a) certified Woman owned firm specializing in Mechanical, Electrical and Plumbing Engineering. Nagel Architects and IBC also have a joint venture company, Integrated Design Group, our partnership has led to successful projects for VA facilities across the state.

We have also established a relationship in the western part of the country. **Edifice Design and Engineering** is a Joint Venture with **SCL Consulting**, an engineering firm that focuses on Structural, Civil and Landscape Architecture. SCL Consulting has offices in Pheoniz Arizona and Milwaukee Wisconsin, making them an ideal partner for projects in the southwestern region.

Nagel-Reichl is a joint venture with **Reichl Construction**. Currently this joint venture is responsible for the construction of a new Community Living Center at Clement J. Zablocki VA Medical Center in Milwaukee Wisconsin. This partnership brings the core strengths of N2 Construction and Reichl Construction together, creating an exemplary team that is ready for the largest construction projects.

KPH Government Construction

KPH Government Construction

KPH Construction has a long history with local, state and federal government. We are cleared at the highest levels to immediately perform government construction and environmental work without delay for the General Services Administration (GSA), Veterans Administration (VA), Air National Guard, Small Business Administration (SBA), Federal Aviation Administration (FAA), Federal Bureau of Investigation (FBI), Secret Service, Central Intelligence Agency (CIA), the Department of Transportation (DOT), just to name a few.

KPH has been awarded several multi-task contracts:

- Indefinite Delivery/Indefinite Quantity (IDIQ) contract with the GSA for three zones in the state of Michigan
- Noise Management Program (NMP) for the area surrounding Milwaukee's Mitchell International Airport – an FAA-funded sound mitigation program to provide improvements to windows, doors, insulation, indoor air quality (IAQ), electrical and mechanical upgrades to 574 homes and multi-family properties
- Six-state Region 5 GSA contract for general contracting

General Contracting

KPH Construction is a licensed commercial general contractor, providing successful management and self-performed services

Projects

Energy Tech Solutions, LLC has sold LED lighting lamps and fixtures in all 50 US States and 15 foreign countries. Here is a representation of the clients that we work with:

- American Family Flagship
- Baxter Healthcare
- Memorial Medical Center
- NASA
- USDA
- Orange County Convention Center
- CED
- WESCO
- HD Supply
- Cathedral of Faith
- CB Richard Ellis
- Lincoln Harris
- Graybar

THE CAPABILITIES STATEMENT

- **Five key elements are included in a successful capability statement:**
 - ***1. Core competencies***
 - ***2. Past performance***
 - ***3. Differentiators***
 - ***4. Corporate data***
 - ***5. Contact information***
- A Capability Statement should also include your firm's name, logo, tag line and other branding elements. It should be free of long paragraphs but instead, should use short sentences and bulleted lists for quick review. We recommend that you customize your CAPE's for various market segments. You should not itemize or number your CAPE statement but should include ALL 5 elements.

THE CAPABILITIES STATEMENT

1. *Core Competencies*

Begin this section with a short introduction statement relating the company's basic capabilities to the customer's specific needs utilizing bullet points. This is NOT everything a firm is capable of doing. Focus on what is important to your potential customer.

2. *Past Performance*

In this section you want to highlight your past experience. Include past customers (if they approve) for whom your business has done similar work. Focus on projects that will highlight the capabilities your potential customer will be looking for. Each listed reference should include: the organization name, location, project name or contract, month/year completed, a brief sentence describing work performed. **CRITICAL** – always ask permission to use this information from the past customer! **ALSO** – do not include any contact information or value of project. Also include if your projects or your work have received recognition.

THE CAPABILITIES STATEMENT

3. Differentiators

- *Why should I pick YOU?*
- *How is your company best suited for the needs of your potential customer?*
- *What is it about your product / services that make you stand above the rest?*
- *What is it about your people that give you the advantage over your competitors?*
- *Why are your products / services a better solution than the others that are available?*
- *Are you or your firm active members of business or philanthropic organizations or participate in community, STEM (Science, Technology, Engineering and Math), business or youth initiatives?*

4. Company Data

Include one or two short sentences about your company. This is the section where you would include:

- *Socio-economic program certifications including - Federal, State, Local and Corporate - including 8(a), HUBZone, SDVOB, DBE, etc.*
- *NAICS / NIGP / PSC-FSC codes (all but limit to 12 or so) do not include code descriptions*
- *DUNS number / CAGE code (if you have one)*
- *Acceptance of Credit Cards for payment(if applicable)*
- *Current Federal GSA Schedule or IDIQ / long term contract / agreement number(s)*
- *State / Local long term contracts*

THE CAPABILITIES STATEMENT

5. *Contact Information*

Your contact information should include a specific person(s) in your organization that could be contacted if there is interest in following up with your organization.

- *Full name of organization (include if division of a parent company)*
 - *Individual contact and title*
 - *Address (physical location as listed in your DUNS profile, not a PO Box)*
 - *Telephone (main and cell)*
 - *Email(s) of individuals listed*
 - *Company web site*
-
- ***We would suggest that you have someone review prior to FINAL***
 - ***DO NOT INCLUDE ANY REFERENCES OR CONTRACT DETAIL or any other competitive information***

GSA Contracts:

Schedule 70: [GS-35F-0346Y](#)

Schedule 36: [GS-03F-0045Y](#)

Patents:

US Patent 7,251,777

SUMMARY:

Ictect, Inc. specializes in developing Document Preparation solutions for Department of Defense and other Federal Agencies using a newly developed technology. Our solutions significantly reduce the cost of document preparation, updates and compliance with guidance (such as AF133-360 or DCAAM 5025.15), while maximizing the document security and currency. With our GSA contracts, we offer Document Architecture, Information Technology (Schedule 70) and Document Processing services (Schedule 36).

CAPABILITIES:

- » Document preparation solutions
- » Publications Management solutions
- » Document conversion services (XML, SGML, etc.)
- » Document processing services, including section 508 compliance
- » ePUB and eBook creation services
- » Unstructured information management
- » Knowledge worker productivity solutions

PAST AND CURRENT CLIENTS:

- » **United States Air Force:** Process public directives, policy documents, manuals and other materials
- » **Defense Contract Audit Agency:** Publications Management
- » **The Joint Commission on Accreditation of Healthcare Organizations:** Standards documents
- » **The World Bank:** Streamlined process of managing process flow documents
- » **The City University of New York:** Web-publishing of policy documents
- » **General Growth Properties:** Automation of contract documents
- » **Cushman and Wakefield:** Preparation of property appraisal documents
- » **Nelnet Peterson's:** Streamlined publishing reference documents

DIFFERENTIATORS:

- » Unique patented methodology allows for faster solution implementation
- » Our technology allows for in-sourcing of complex tasks while reducing costs
- » We have in-depth familiarity with DOD publication standards such as AF133-360 or DCAAM 5025.15.
- » Easy to use product, based on Microsoft Word.
- » We use highly automated XML process, thus giving your organization "Single Source of Truth" and "Multi-Channel Delivery".

THE ELEVATOR PITCH

- LESS than 30 seconds
- Tight and to the point
- YOU CAN NOT DO EVERYTHING
- Start with what is most important – it is not your certification
- Practice
- It is **NOT** about you – it is about your potential customer
- **ADAPT**

Continuing the Conversation

- **Initial 1 minute plus pitch – Start of a ONE ON ONE meeting**
 - **Know what the buyer's company does and how you would fit**
 - **Know what is important to the buyer**
 - Who you are
 - What you do – REMEMBER YOU CANNOT DO IT ALL
 - Have you done any work with the government before
 - What makes you special – competitive edge
 - Keep it business
- **5 minute pitch – should include a visual of some kind then ADD**
 - WHAT CAN YOU DO FOR THEM
 - A bit of history
 - Capacity
 - Past work
 - What makes you special – management team, design capabilities, relationships.....
 - Other as appropriate
- **15 minute pitch – more visual**
 - Mission – vision
 - Increased specifics depending on what is being sold
 - Other

Understanding your Competition & Strategies in the Marketplace

HOMework –or- MARKET RESEARCH

- **SOME BASICS – You need to learn about your potential customers**
 - Use the INTERNET
 - ATTEND or PARTICIPATE in events, seminars, networking.....
 - Read – newspapers, publications..... STAY CURRENT
 - Direct contact – whenever and wherever you can get it
 - Participate in Associations, Trade Groups, Business Groups..... especially those with members that you may want to meet
 - Join groups such as **SAME, NDIA, NCMA**..... WHY?
 - Contact WPI – can help guide you

Federal Agencies – WHO is BUYING / WHO is WINNING CONTRACTS / HOW MUCH / WHEN

- www.usaspending.gov
- Or www.fpds.gov/
- USASPENDING more user friendly

PRIME CONTRACTORS

Let's go to www.USASPENDING.gov

- **Some guidance**

- Look up MANUFACTURERS with FEDERAL AWARDS
- Identify MANUFACTURERS by NAICS codes – 31,32,33
 - Let's go to <http://www.census.gov/cgi-bin/sssd/naics/naicsrch> - here you can search for other NAICS
 - Identify other attributes in USASPENDING search that could narrow your search – location, agency.....
 - Export your search to a CVS file (look at in EXCEL)– this will give you the ability to see detail including number of contracts, dollar value, subcontracting plan requirement, contracting agency and much more

Location

The 2017 SAME Midwest Small Business Expo will take place at the

Hilton Chicago/Northbrook.
2855 N Milwaukee Ave

This year's **SAME Midwest Small Business Expo 2017** – hosted by the Society of American Military Engineers (SAME) Chicago and Lake Michigan Posts – is scheduled for **March 29 and 30, 2017** at Hilton Northbrook, IL. **Browse the website to see what the event included last year! Additional updates for this year's event will be posted shortly.**

It has been a year of CHANGE – a lot of it.

Many of these changes will impact Federal contractors and subcontractors. **This year's SAME Midwest Small Business Expo 2017 will focus on CHANGE and OPPORTUNITY.**

On the first day – a full day of workshops presented by legal professionals and industry experts – one track for small businesses and one for large. **On the second day** we will focus on agency opportunities and challenges. **This year – two full days of EXHIBITS and of course the traditional RECEPTION.**

New this year – inviting Engineering Students to a mentoring session and reception.

See you in March!

Aina Vilumsons
Executive Director, Wisconsin Procurement Institute
Secretary, SAME Lake Michigan Post

This conference will focus on procurement procedures and business opportunities with the Department of Veterans Affairs, VISN 12 area consisting of Milwaukee, WI; Madison, WI; Tomah, WI; Chicago, IL; Danville, IL; and Iron Mountain, MI.

The U.S. Department of Veterans Affairs spent over \$22.5 billion on contracts in Fiscal Year 2016. The mission of the VA is to fulfill President Lincoln's promise "To care for him who shall have borne the battle, and for his widow, and his orphan" by serving and honoring the men and women who are America's veterans."

The Veterans Integrated Services Network (The Great Lakes Health Care System), VISN 12, with its eight medical centers, 38 outpatient clinics, eight nursing homes, and six domiciliaries, provides health care services to the 700,000 Veterans who reside within its four-state (Illinois, Michigan's Upper Peninsula, Wisconsin, and Northwest Indiana) area. Additionally, VISN 12 supports 14 Readjustment Counseling Centers. In FY 2016, VISN 12 employed 16,732 people. They care for more than 360,000 Veterans that account for nearly 38 000 admissions and four million outpatient visits per year. Facilities
