Small Business Size Standard

➤ North American Classification System (NAICS) (Examples)

- 481211 Nonscheduled Charter Passenger Air Transportation
- 488119 Other Airport Operations
- 488210 Support Activities for Rail Transportation
- 511210 Software Publishers
- 541519 Other Computer Related Services
- 541614 Process, Physical Distribution, and Logistics Consulting Services

➤ Small Business Size Standard <http://www.sba.gov/content/small-business-size-standards>

– A size standard, which is usually stated in number of employees or average annual receipts, represents the largest size that a business (including its subsidiaries and affiliates) may be to remain classified as a small business for SBA and federal contracting programs. The definition of “small” varies by industry.

➤ SBA Size Standard Calculation– IAW (**13 C.F.R. § 121.104 & 121.106**)

FY17 Small Business Goals; Projected VS Achieved

Together, we deliver.
19 June 2018

Getting Started TIPS (the “Do’s”)

- Check fbo.gov or other agency contracting announcement sites i.e. GSA's e-buy
- Make contact with Small Business Directors/Professionals from agencies that will most likely procure your goods/services
- Attend Small Business Conferences
- Educate yourself extremely well on the process
- Make sure you meet the basic requirements for doing business with the government
- Consider Subcontracting opportunities with Prime contractor to enhance past performance

Acquisition Strategy Tips

➤ Market Research

- Respond thoroughly to Request for Information/Sources Sought
 - Demonstrates your capability to perform the effort

➤ Pre-Proposal Submission

- Ask questions to ensure you understand the requirements
- Register in System for Award Management @ SAM.gov

➤ Proposal Submission

- Read the Request for Proposal
- Comply with Instructions to Offeror (Section L)
- Focus on areas that will be evaluated (Section M)

➤ Award/Administration

- Perform IAW contract terms and conditions

Procurement Forecasts

– TRANSPORTATION REQUIREMENTS

- Domestic Airlift Services – Federal Aviation Regulation 135
- Domestic Charter Services – Federal Aviation Regulation 121
- Charter Airlift Services to Support the Civil Reserve Air Fleet (CRAF)
- Global Heavyweight Service (GHS)
- Commercial Multi-Modal 3 (CMM3)
- Universal Services Contract (USC) 9

Together, we deliver.

Domestic Airlift Services – Federal Aviation Regulation 135

- NACIS Code: 481211
- Description: Domestic air cargo and passenger charter services on FAA Part 135 approved aircraft. Services include all personnel, equipment, tools, materials, supervision, and other items and services necessary to perform air charter transportation services for ad hoc and longer term domestic passenger, cargo, and combined movements at both military and commercial airfields. Performance of services shall take place within the Continental United States (CONUS), Alaska, Puerto Rico and the US Virgin Islands, Canada, Mexico, and/or the Bahamas, as specified in the individual solicitation or delivery order.
- Procurement Type: Firm Fixed Price Indefinite Delivery Indefinite Quantity
- Projected Value Range: \$100,000,000 to \$499,999,999
- Anticipated RFP Release Date: 4/30/2018
- Anticipated Award Date: 9/1/2018
- Anticipated Acquisition Strategy: Small Business Set Aside
- Solicitation Number: HTC711-18-R-CC02
- Contract Specialist: Matt Bowen, matthew.r.bowen4.civ@mail.mil
- **Update: Pre-solicitation phase. Anticipate issuing solicitation on or about 22 June 18 on Federal Business Opportunities.**

Together, we deliver.

Domestic Airlift Service – Federal Aviation Regulation 121

- NACIS Code: 481211
- Description: Domestic air cargo and passenger charter services on FAA Part 121 approved aircraft. Services include all personnel, equipment, tools, materials, supervision, and other items and services necessary to perform air charter transportation services for one-time domestic passenger, cargo, and combined movements at both military and commercial airfields. Performance of services shall take place within the Continental United States and Mexico, Canada, or Bahamas, Puerto Rico, and the US Virgin Islands as specified in the individual solicitation or delivery order.
- Procurement Type: Firm Fixed Price Indefinite Delivery Indefinite Quantity
- Projected Value Range: \$500,000,000 and over
- Anticipated RFP Release Date: 4/16/2018
- Anticipated Award Date: 8/28/2018
- Anticipated Acquisition Strategy: Other Than Full and Open
- Solicitation Number: HTC711-18-R-CC01
- Contract Specialist: Nashae Perez, nashae.j.perez.civ@mail.mil
- **Update: Solicitation was issued on 17 May 18. Proposals due on 19 Jun 18 at 1200 local.**

Together, we deliver.

UNCLASSIFIED

Charter Airlift Services in Support of the Civil Reserve Air Fleet (CRAF)

- NACIS Code: 481211
- Description: Full plane passenger and cargo airlift services in support of the Civil Reserve Air Fleet (CRAF) Program
- Procurement Type: Firm Fixed Price Indefinite Delivery Indefinite Quantity
- Projected Value Range: \$500,000,000 and over
- Anticipated RFP Release Date: 4/1/2018
- Anticipated Award Date: 7/1/2018
- Anticipated Acquisition Strategy: Other Than Full and Open
- Solicitation Number: TBD
- Contract Specialist: Lynda Lang, lynda.y.lang.civ@mail.mil
- **Update: Solicitation was issued on 15 May 18. Proposals were due on 18 June 18 at 4:30 central time. Due date has extended to 22 June 18.**

Together, we deliver.

Global Heavyweight Services

- NACIS Code: 481112
- Description: Domestic express transportation of shipments over 150 lbs. and international express transportation of shipments over 300 lbs. Time-definite, door-to-door pick-up and delivery and intransit visibility
- Procurement Type: Firm Fixed Price Indefinite Delivery Indefinite Quantity
- Projected Value Range: \$100,000,000 to \$499,999,999
- Anticipated RFP Release Date: 3/1/2018
- Anticipated Award Date: 11/1/2018
- Anticipated Acquisition Strategy: Other Than Full and Open
- Solicitation Number: TBD
- Contract Specialist: Tricia Weis, tricia.a.weis.civ@mail.mil
- **Update: Anticipating issue of solicitation on or about 22 June 2018.**

Together, we deliver.

Commercial Multi-Modal 3 (CMM3)

- NACIS Code: 481112
- Description: The contractor shall provide all personnel, training, supervision, equipment, Prior Permission Requests (PPRs), Diplomatic Clearances (DIPS), and customs clearance procedures necessary to perform international commercial transportation services to move DOD and other Government approved cargo. Multiple modes (i.e. airlift, sealift, linehaul) of transportation may be used to move cargo to/from multiple zones globally. Cargo moved under this contract will not transit the Pakistan GLOC.
- Procurement Type: Firm Fixed Price With Economic Price Adjustment
- Projected Value Range: \$100,000,000 to \$499,999,999
- Anticipated RFP Release Date: 5/30/2018
- Anticipated Award Date: 2/30/2019
- Anticipated Acquisition Strategy: Other Than Full and Open
- Solicitation Number: TBD
- Contract Specialist: Megan Isaak, megan.m.isaak.civ@mail.mil
- **Update: Contract Specialist has changed to Rachel Dow. E-mail address is Rachel.l.dow.civ@mail.mil Industry day was held on 10 May 18. In Pre-Solicitation Phase.**

Together, we deliver.

UNCLASSIFIED

Universal Services Contract (USC) - 9

- NACIS Code: 481112
- Description: Provide international cargo transportation and distribution services using ocean common or contract carriers, as defined in the Shipping Act of 1984, offering regularly scheduled commercial liner service for requirements that may arise in any part of the world, including service covered by the Jones Act
- Procurement Type: Firm Fixed Price With Economic Price Adjustment
- Projected Value Range: \$100,000,000 to \$499,999,999
- Anticipated RFP Release Date: 5/30/2018
- Anticipated Award Date: 2/30/2019
- Anticipated Acquisition Strategy: Other Than Full and Open
- Solicitation Number: TBD
- Contract Specialist: Megan Isaak, megan.m.isaak.civ@mail.mil
- **Update: Contract Specialist is changed to Jesika DeArmond. Her e-mail address is Jesika.a.dearmound.civ@mail.mil Draft P.W.S. anticipated to be issued on FBO this week. Issuing solicitation sometime Fall 2018**

Together, we deliver.

UNCLASSIFIED

Consolidated Air Mobility Planning (CAMPS), Dynamic Mission Replanning (DMR), and Mobility Enterprise Information Services (MEIS)

- NACIS Code: 541511
- Description: Consolidated Air Mobility Planning (CAMPS) is the Air Mobility Command's (AMC) Command and Control (C2) System for Airlift and Air Refueling requirements gathering, planning, and scheduling for Airlift and Air Refueling Missions/Resources in support of peacetime, contingency, humanitarian, and wartime operations. Dynamic Mission Replanning (DMR) is a USTRANSCOM and AMC initiative designed to enhance air mobility operators' ability to replan missions in execution by providing a capability to recognize and react to a potential problem or event, to automatically assess the significance of the event, recognize down line or associated mission impacts, and present the decision maker with weighted options. Mobility Enterprise Information Services (MEIS) Increment II will provide capabilities to evolve and extend MEIS utility and information services to meet AMC and USTRANSCOM architecture and infrastructure requirements. MEIS Increment II will also provide targeted support services and additional core components for MAF applications and mission partner systems.
- Projected Value Range: \$100,000,000 to \$499,999,999
- Anticipated RFP Release Date: 4th Quarter FY18
- Anticipated Award Date: March 2019
- Anticipated Acquisition Strategy: TBD
- Solicitation Number: TBD
- Contract Specialist: Andrea Mouser, andrea.c.mouser.civ@mail.mil
- **Update: Working with customer on finalizing requirements.**

Together, we deliver.

UNCLASSIFIED

Business Support & Container Management (BSCM)

- NACIS Code: 541511
- Description: The primary purpose of this effort is to sustain and enhance existing Pipeline Asset Tool (PAT), Joint Container Management System (JCM), & Army Container Asset Management System (ACAMS) applications with integrated global container management capabilities presented via a single user interface, along with providing operational and technical support to SDDC G3 in the execution of all day-to-day aspects of surface cargo documentation. Support includes providing shipper and carrier data quality, surface cargo visibility, invoicing, import and export customs document processing, detention tracking, lift onboard documentation submission and processing, approval of shipment delay and staging requests, and global container management.
- Projected Value Range: \$5,000,000 to \$24,999,999
- Anticipated RFP Release Date: 2ND Quarter FY18
- Anticipated Award Date: July 2018
- Anticipated Acquisition Strategy: TBD
- Solicitation Number: HTC711-18-R-D001
- Contract Specialist: Alicia Biekert, alicia.m.biekert.civ@mail.mil
- **Update: Solicitation posted 25 May on GSA e-buy. Proposals due 25 June 18.**

Together, we deliver.

UNCLASSIFIED

UNCLASSIFIED

Campaign Plan for Global Distribution and Capabilities Development

- NACIS Code: 541618
- Description: Campaign Plan for Global Distribution and Capabilities Development provides expertise in Campaign Plan development, assessment and refinement. Synchronization of strategic distribution planning among DOD and interagency partners to facilitate mutually supportive planning across the US Government distribution enterprise spanning all Geographic Combatant Commands, Defense Agencies, armed services, and the Interagency. Support deployment and distribution capability requirements development through Joint Capability Area (JCA) management, the Joint Capabilities Integration and Development System (JCIDS), Capability Gap Assessment (CGA) process, and Logistics Functional Capabilities Board (FCB), Joint Capabilities Board (JCB), and Joint Requirements Oversight Council (JROC) activities.
- Projected Value Range: \$5,000,000 to \$24,999,999
- Anticipated RFP Release Date: 3/21/2018
- Anticipated Award Date: 8/30/2018
- Anticipated Acquisition Strategy: TBD
- Solicitation Number: HTC711-18-Q-D016
- Contract Specialist: Kelly Hokeness, Kelly.l.hokeness.civ@mail.mil
- **Update: Issued Full and open under GSA PSS 8741. Under source selection review.**

Together, we deliver.

UNCLASSIFIED

Commercial Operations Integrated System (COINS)

- NACIS Code: 541519
- Description: COINS is a multi-user, on-line information system supporting contracting, budgeting, and analyses necessary for the financial management of the airlift augmentation program. COINS prepares and executes contractual documents for commercial augmentation of the AMC organic fleet to support air mobility efforts worldwide. The system records commercial airlift support requirements; solicits, receives, evaluates, and selects offers from air carriers; prepares certifying funding; and executes contractual documents for airlift services. Support is required for COINS sustainment and minor enhancements to its current capability.
- Projected Value Range: \$1,000,000 to \$4,999,999
- Anticipated RFP Release Date: 5/1/2018
- Anticipated Award Date: 8/1/2018
- Anticipated Acquisition Strategy: 8(a) STARS II GWAC
- Solicitation Number: HTC711-18-Q-D025
- Contract Specialist: Lisa Kraft, lisa.a.kraft.civ@mail.mil
- **Update: Under Source Selection evaluation.**

Together, we deliver.

UNCLASSIFIED

UNCLASSIFIED

Defense Personal Property System (DPS)

- NACIS Code: 541511
- Description: : DPS is the web-based system for the management of personal property shipments for the DOD. Each year, DOD is responsible for managing the movement and storage of approximately 600,000 personal property shipments in the Defense Personal Property Program (DP3) at a cost of over \$2.2B. DOD is the single largest customer in the personal property shipping industry representing approximately 15% of all domestic and international moves. DOD personal property shipments involve complex, logistical scenarios from Qualifying Transportation Service Providers (TSPs), to Managing the personal property shipments, and Paying Invoices.
- Projected Value Range: \$25,000,000 to \$49,999,999
- Anticipated RFP Release Date: TBD
- Anticipated Award Date: TBD
- Anticipated Acquisition Strategy: TBD
- Solicitation Number: TBD
- Contract Specialist: Roger Tang, roger.tang.civ@mail.mil
- **Update: Sole Source; Two year bridge for current contract.**

Together, we deliver.

Integrated Booking System (IBS)

- NACIS Code: 541511
- Description: Provides software engineering services required to support the Military Surface Deployment and Distribution Command (SDDC) Integrated Booking System (IBS). Services include requirements definition, software maintenance, development, configuration management, area manager support, training, implementation, documentation, technical support, and project management.
- Projected Value Range: \$25,000,000 to \$49,999,999
- Anticipated RFP Release Date: TBD
- Anticipated Award Date: TBD
- Anticipated Acquisition Strategy: Other Than Full & Open
- Solicitation Number: TBD
- Contract Specialist: Keith Holmes, keith.w.holmes.civ@mail.mil
- **Update: Current contract considering to be extended through 30 March 2019.**

Together, we deliver.

UNCLASSIFIED

Financial Improvement and Audit Readiness (FIAR)

- NACIS Code: 541219
- Description: USTRANSCOM/TCJ8 requires accounting/auditing expertise and innovative methodologies that meet the intent of the FIAR guidance while ensuring Audit readiness of USTRANSCOM and its Component Commands (AMC, SDDC, and MSC).
- Projected Value Range: \$5,000,000 to \$24,999,999
- Anticipated RFP Release Date: 4/16/2018
- Anticipated Award Date: 9/1/2018
- Anticipated Acquisition Strategy: TBD
- Solicitation Number: TBD
- Contract Specialist: Chastity Hill, chastity.r.hill.civ@mail.mil
- **Update: Program name change – Joint Financial Operations and System Support (JFOSS). Contract Specialist is Terina Folsom. E-mail address is Terina.a.Folsom.civ@mail.mil RFP, HTC711-18-Q-D011 issued 24 Apr 18 under GSA PSS 520-7. Currently under Source Selection Evaluation**

Together, we deliver.

Joint Flow and Analysis System for Transportation (JFAST)

- NACIS Code: 541511
- Description: JFAST is a multi-modal transportation analysis model designed for United States Transportation Command (USTRANSCOM) and the Joint Planning Community. JFAST is used to view, edit, and analyze transportation requirements; perform course of action (COA) analysis; and evaluate “what-if” scenarios and project delivery profiles of troops and equipment by air, land, and sea. Support is required for sustainment and development of the JFAST software application to comply with the Joint Chiefs of Staff planning doctrine, to implement USTRANSCOM and Transportation Component Command (TCC) requests for new capability and enhancements to existing capability, and to prototype new algorithms to improve the veracity of transportation planning.
- Projected Value Range: \$25,000,000 to \$49,999,999
- Anticipated RFP Release Date: 5/3/2018
- Anticipated Award Date: 7/30/2018
- Anticipated Acquisition Strategy: TBD
- Solicitation Number: HTC711-18-Q-D019
- Contract Specialist: Donna Green, donna.l.green.civ@mail.mil
- **Update: Pre-solicitation phase. Solicitation being reviewed for release.**

Together, we deliver.

Mission Assurance

UNCLASSIFIED

- NACIS Code: 541611
- Description: Mission Assurance (MA) is an all-threats and hazards risk management activity that analyzes transportation missions and functions while collaborating with the other risk management programs and activities to accomplish MA related responsibilities. These responsibilities include identifying unacceptable risk of physical and cyber assets deemed critical to DoD, USTRANSCOM, and Component Commands. The Contractor will assist the MA OPR to accomplish these responsibilities through the Command Staff and its Transportation Component Commands: Military Surface Deployment and Distribution Command (SDDC), Military Sealift Command (MSC), and Air Mobility Command (AMC), and Joint Enabling Capabilities Command (JECC). The Contractor will assist in synchronizing efforts to identify risk and associated mitigation measures available and employed offering analysis to senior leaders to execute informed decisions regarding availability of worldwide critical physical and cyber transportation-related infrastructures, to include aviation, highway, rail, and maritime transportation-related infrastructures that support DoD contingency, wartime, and peacetime requirements. This responsibility includes the research, analysis, policy and operational development to ensure availability and resilience of strategic transportation capabilities on a global scale.
- Projected Value Range: \$1,000,000 to \$4,999,999
- Anticipated RFP Release Date: TBD
- Anticipated Award Date: 8/1/2018
- Anticipated Acquisition Strategy: TBD
- Solicitation Number: TBD
- Contract Specialist: Dana Diamond, dana.m.diamond.civ@mail.mil
- **Update: Pre-solicitation phase. Solicitation under review. Knowledge Management requirement.**

- Contract Specialist: Kim Mattingly, kimberly.s.mattingly.civ@mail.mil
- **Update: Awarded on 6 June to C5T !!!!!**

Together, we deliver.

UNCLASSIFIED

Sealift, Intermodal, Surface, Airlift Readiness & Transportation Services Support (SIRAS)

- NACIS Code: 541614
- Description: This requirement monitors and assesses trends in the civil sector and industrial base relative to air, sea and land transportation and develops national defense options to ensure Department of Defense (DOD) and USTRANSCOM air, sea and surface lift requirements are met. It also requires coordination with Services, Component Commands, Federal Agencies and commercial industry on the readiness of organic and commercial mobility capabilities, including management of applicable portions of strategic mobility programs such as Civil Reserve Air Fleet (CRAF), Maritime Security Program (MSP), and Voluntary Intermodal Sealift Agreement (VISA) and others. Additionally, it requires the contractor to identify compatibility and interoperability issues with intermodal systems and ensure development of transportation options meet applicable Federal and commercial standards. It also requires the contractor to identify, manage, maintain and pursue emerging technologies that enhance intermodal and multi-modal operations execution. Finally, the requirement includes identifying additional transportation requirements and enhance transportation services provided to existing customers and expand services and capabilities to other DOD and non-DOD agencies.
- Projected Value Range: \$1,000,000 to \$4,999,999
- Anticipated RFP Release Date: Early 3rd Qtr FY18
- Anticipated Award Date: 10/1/2018
- Anticipated Acquisition Strategy: TBD
- Solicitation Number: TBD
- Contract Specialist: Keith Holmes, keith.w.holmes.civ@mail.mil
- **Update: Solicitation issued on 8 June GSA e-buy OASIS Pool 1 Unrestricted. Proposals due on 9 July 18.**

Together, we deliver.

UNCLASSIFIED

Single Mobility System/Coalition Mobility System (SMS/CMS) Sustainment and Operations Support

- NACIS Code: 541511
- Description: The SMS is the primary system used to view requirements, plan missions, and track execution. It provides the user with information from systems such as: the Air Mobility Command (AMC) Global Decision Support System (GDSS) and Consolidated Air Mobility Planning System (CAMPS); the Air National Guard (ANG) Management Utility (ANGMU); the Integrated Data Environment (IDE) / Global Transportation Network (GTN) Convergence (IGC); the Joint Operations Planning and Execution System (JOPES); and numerous other feeder systems. Support is required to provide specialized systems engineering and technical services in support of SMS and CMS.
- Projected Value Range: \$5,000,000 to \$24,999,999
- Anticipated RFP Release Date: 4/20/2018
- Anticipated Award Date: 7/10/2018
- Anticipated Acquisition Strategy: T4NG IDIQ (Department of Veteran's Affairs Technology

Surface Transportation Information

- NACIS Code: 541512
- Description: The Military Surface Deployment and Distribution Command (SDDC) provides global surface deployment and distribution services to meet the nation's objectives. The purpose of this action is to provide technical engineering support for two branches within the SDDC G6 directorate. The first branch is the Data Integration Branch and the second branch is the Enterprise Architecture (EA) Branch. The purpose of the support is to provide the best possible surface transportation automation and information services to the war-fighter. Specifically, it supports the ISDDC automated information system, the Enterprise EDI team, and the Enterprise Data Management and Data Quality team.
- Projected Value Range: \$5,000,000 to \$24,999,999
- Anticipated RFP Release Date: 4/9/2018
