WHY DOES GOVERNMENT EVALUATE PAST PERFORMANCE?

- Federal Acquisition Regulations (FAR) instructs the Government to evaluate past performance.
- Helps in assuring contractors with exceptional past performance are awarded additional contracts. Government wants contractors that perform well.
- Helps in assuring contractors with unsatisfactory past performance are not awarded additional contracts.
- Collection and Maintenance of Past Performance Information (PPI) for Use in the Award Decisions for Competitive Acquisitions

RECENT CHANGES

CHANGES

- New Log In Process - effective July 2018, a system release merged all functionality from CPARS and PPIRS into a consolidated CPARS/PPIRS application. This will allow for integration of one application into SAM.gov.
- The Simplified Acquisition Threshold increases from \$150,000 to \$250,000. For the purposes of past performance evaluations the increased SAT applies to new contracts awarded after June 30, 2018, and entered into FPDS.

NEW Merged CPARS/PPIRS Application Published July 15, 2018!
[\(click here for details\)](#)

Welcome to CPARS

CPARS hosts a suite of web-enabled applications that are used to document contractor and grantee performance information that is required by Federal Regulations.

Federal Acquisition Regulation (FAR) Part 42 identifies requirements for documenting contractor performance evaluations for systems, non-systems, architect-engineer, and construction acquisitions.

The FAR also requires documenting additional contractor performance information in the Federal Awardee Performance Defective Non-Response (FAR Part 9), and (FAR Part 209):

- All Users will utilize their email address to log into the system in lieu of a user ID and will be required to reset their password using the Forgot/Reset Password button located on the login screen.
- Furthermore, to help prevent unauthorized access, CPARS is implementing a one-time access code when using a password to log into the system. The one-time access code is good for 24 hours and will be automatically emailed to the user when logging in.

LOGGING IN

The screenshot displays the CPARS/PPIRS Login Screen. At the top, it reads "CPARS/PPIRS" and "This System is for UNCLASSIFIED USE ONLY!". Below this, there are two main login sections. The left section is titled "PKI Login" and includes an "Email Address:" input field with the placeholder "(enter your email address)", a small icon of a person, and a "Login With PKI" button. Below the PKI section, there is a link "Having problems logging in? [Forgot/Reset Password](#)" where the link is circled in red, and a "Home" button. The right section is titled "Password Login" and includes an "Email Address:" input field with the placeholder "(enter your email address)", a "Password:" input field with the placeholder "(enter your password)", a padlock icon with "*****" below it, and a "Login With Password" button. Below the password section, there is a link "Having problems logging in? [Forgot/Reset Password](#)" where the link is circled in red, and a "Home" button. At the bottom left of the screen, the URL "https://www.cpars.gov" is visible.

LOGGING IN

The screenshot shows a web browser window displaying the CPARS/PIRS login interface. At the top, it says "Unclassified" and "Password Login". Below that, a grey box contains "CPARS/PIRS" and a dark blue box below it says "This System is for UNCLASSIFIED USE ONLY!". The main content area has a white box with a dark blue header "One-time Access Code". Inside this box, it reads: "We take security seriously. We have sent you a One-time Access Code by email." Below this is the instruction "Enter Your One-time Access Code" followed by a text input field. Underneath the field is a padlock icon with "*****" and a "Submit" button. At the bottom of the white box is a link: "Resend One-time Access Code".

Overlaid on the right side of the browser window is an email notification window titled "CPARS Notification". The email is dated "Fri 5/18/2018 9:15 AM" and is from "user.user@noemail.nl". The body of the email contains the following text: "The One-time Access Code for CPARS/PIRS is: 625f4ed3", "This code is valid for you to login to the system through 11:59 PM ET today.", and "If you did not initiate a request for a One-time Access Code, please notify the Customer Support Desk immediately at (207) 438-1690."

At the bottom left of the browser window, the URL "https://www.cpars.gov" is visible.

CPARS

WHAT IS CPARS?

Contractor Performance Assessment Reporting System (CPARS)

Web-enabled application that collects and manages a library of automated contractor report cards.

Modules Within CPARS – Only Unclassified Information is collected

- Contractor Performance Assessment Reporting System (**CPARS**) Module – Systems, Services, Operations Support, Information Technology, Architect-Engineer and Construction
- Federal Awardee Performance and Integrity Information System (**FAPIIS**) Module
- Past Performance Information Retrieval System (**PPIRS**) Module

CPARS PRIMARY OBJECTIVES

- Ensure Current, Complete, and Accurate Information on Contractor Performance is Available for Use in Source Selections
- Support Best Value Source Selection Decisions – Awards for Proven Performers
- Provide Up-To-Date Documentation of Contractor's Ability to Provide Quality, On-Time Products and Services that Conform to Contractual Requirements
- Motivate Improved Performance
- Support Responsibility Determinations of Prospective Contractors

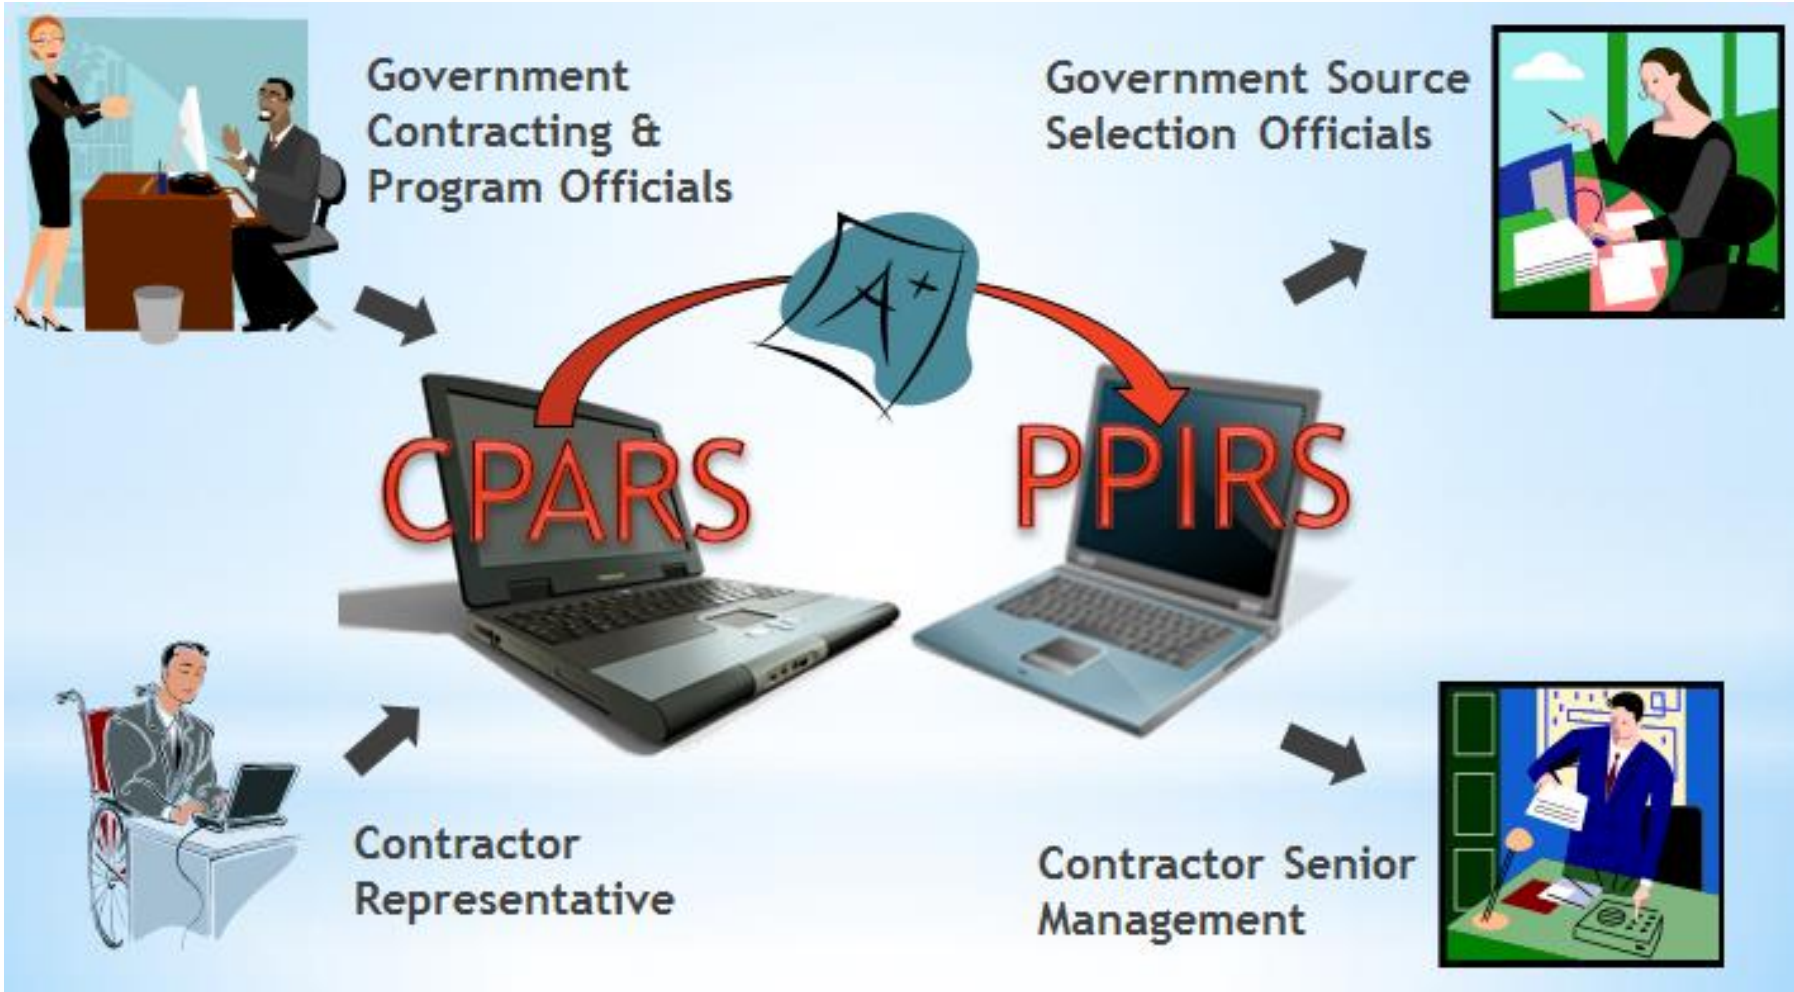

CPARS EVALUATIONS

Assessing Official Comments (24000 character limit - 273 used)

Performance meets contractual requirements and exceeds some to the Government's benefit. The contractual performance of the element or sub-element being evaluated was accomplished with some minor problems for which corrective actions taken by the Contractor were effective.

Contractor Representative Comments

Does your narrative support the definition of EXCEPTIONAL found in FAR 42.1503(h)(5), Table 42-1?

Definition of EXCEPTIONAL: Performance meets contractual requirements and exceeds many to the Government's benefit. The contractual performance of the element or sub-element being evaluated was accomplished with few minor problems for which corrective actions taken by the Contractor were highly effective.

Note: To justify an Exceptional rating, identify multiple significant events and state how these events were of benefit to the Government. A singular benefit, however, could be of such magnitude that it alone constitutes an Exceptional rating. Also, there should have been NO significant

- Communicate with Government
- Provide Self Evaluation
- Request Face to Face Meetings to Address Concerns
- Ensure Comments Received – Contact Government Official
- Within the first seven days of the comment period, the Contractor Representative may request a meeting with the Assessing Official to discuss the evaluation.

WHAT CAN YOU DO IF YOU RECEIVE A NEGATIVE RATING?

- Negative CPARS reviews can have a significant adverse impact on future contract awards. Companies should fight back against negative CPARS ratings when possible.
- The Federal Acquisition Regulations (FAR) has detailed procedures for how CPARS reviews are to be conducted. The regulations include definitions for ratings. When you evaluate your ratings, crosswalk them against the regulations.
- Negotiations with the agency are your best chance to overturn negative ratings. Do not be afraid to engage the agency in a dialogue about why you believe the ratings should be changed.
- Stick to the facts. When you rebut CPARS ratings, utilize objective, verifiable facts to show why your rating should be changed.
- You can appeal. You have the ability to appeal a negative rating to a Board of Contracts Appeal or the Court of Federal Claims if you provided a rebuttal and followed the contract's disputes procedures.

Search Instructions: Search by DUNS, CAGE, or by selecting a filter from the dropdown box. NOTE: If you enter multiple search criteria, the DUNS code will take precedence.

CAGE or DUNS/DUNSP4 searches must be exact. CAGE must be 5 characters; DUNS must be either 9 or 13 characters.

Special Search Note: It is possible in the FAPIIS application that a contractor may not have a CAGE CODE. If you search by CAGE and do not get the contractor you are looking for, try again using the 'Name' search option. Note some of the Extended Systems do not require DUNS. If your search of the FAPIIS system does not produce a Performance Information section of SAM record, you can go directly to the System for Award Management (SAM) <https://www.sam.gov/> and use the 'Advanced Search' option to locate the entity of interest.

To search for an individual by name, search using the 'Contains' option and specify *only* the person's last name.

PPIRS

PPIRS

PPIRS is a web-enabled, Federal enterprise-wide application that provides timely and pertinent contractor past performance information to the Department of Defense and Federal acquisition community for use in making competitive source selection decisions.

Guiding the DoD in Responsible Acquisition Decisions

WELCOME

We are a web-enabled enterprise application that gathers, processes, and displays data about the performance of suppliers. SPRS is the Department of Defense's single, authorized application to retrieve suppliers' performance information. The Defense Federal Acquisition Regulation Supplement (DFARS) Subpart 213.1 requires contracting officers to consider this data for supply contracts valued at less than or equal to \$1 million.

SPRS enables procurement specialists to avoid overpaying for supplies and notifies procurement specialists of Federal Supply Class (FSC) specific risks and risk mitigations. SPRS's Supplier Risk Score provides procurement specialists with a composite score that considers each supplier's past performance in the areas of product delivery and quality.

SPRS

- For DoD use ONLY
- Provides past delivery and quality performance information for commodities including contracts under the mandatory reporting thresholds established in the DFARS.
- Provides three risk analysis tools designed to be used in past performance evaluations: Price, Item and Supplier Risk.

SPRS DATA SOURCES

- Product Data Reporting and Evaluation Program (PDREP)
- Deficiency Reporting System (JDRS) for Joint Services Aviation PQDRs
- Enterprise Business System's (EBS) eProcurement application Contractor Performance Assessment Reporting System (CPARS) Federal Awardee Performance and Integrity Information System (FAPIIS)

HOW SPRS WORKS

- Quality and Delivery Scores
 - Collects quality and delivery data to calculate “On Time” delivery scores and quality classifications and provides government with objective Quality and Delivery Ratings of a contractor’s past performance
- Price Risk
 - Calculates average price paid for an item and the expected range for future buys
 - Compares bids to Average Price and expected range
- Item Risk
 - Flags items identified as high risk by services/agencies
 - Based on critically of use and history of counterfeiting or non-conformance
- Supplier Risk
 - Scores vendors based on 3-years past performance data

SPRS BUSINESS RULES

- Delivery Scores and Quality Classifications
 - By CAGE and commodity (FSC or NAICS)
 - Updated daily
 - 14-day review or challenge period
- Price Risk
 - Average Price based on unit prices since 2010, adjusted for inflation using Producer Price Index
 - Updated daily
- Item Risk
 - Updated as requested by DoD services or agencies
- Supplier Risk
 - Scores based on daily weighted sum of past performance factors adjusted for number of base contracts

SPRS QUALITY CLASSIFICATIONS

- Comparative Assessment Among Suppliers
- Positive and Negative Records
- Weighted by Number of Line Items
- Produces Quality Score and Color

DOCUMENTATION NEEDED TO SUPPORT CHALLENGES

- Email correspondence between your organization and your contract administrator
- Wide Area Workflow (WAWF) shipping documents (receiving reports or fast pay invoices)
- Bill of Lading, UPS or Fed Ex shipping documents
