

World Bank Procurement Seminar

Don't miss this opportunity to engage face-to-face with World Bank officials.

March 21, 2019 from 2:00-4:00 pm CST

The U.S. Commercial Service, in collaboration with The Water Council and the Wisconsin Economic Development Corporation (WEDC), has organized a unique opportunity to learn how to identify and bid on World Bank-financed projects. This session will include important information about recent World Bank procurement reforms, and how those impact future World Bank projects and commercial opportunities.

Following the procurement session, one-on-one meeting opportunities will be available with World Bank officials, The Water Council, Wisconsin Economic Development Corporation (WEDC), and U.S. Commercial Service representatives (including our two colleagues on detail to the World Bank and the Inter-American Development Bank).

[Register Now](#)

Participation will be limited to the first 50 registrants.

Watch the Livestream
