YOUR WEBSITE

WEBSITE

- **YOU MUST HAVE ONE - WHY ??** – you need to be found and found out about – there are some “free” starter options
- Your website should highlight what a potential customer would want to know about you – remember when we started this session we discussed what a buyer looks for
- Consider separating the GOVERNMENT piece in a separate tab or section
- It can be simple and easy
- CAUTION – you may be doing work that is sensitive to an agency or prime – careful about bragging on your website. Consider using descriptive words such as “defense contractor” or “worked on the I-94 project”

WEBSITE

- Include information on your certifications
- Include information on any long term contracting vehicles that you may have – example GSA
- Graphics showing product or service
- KEEP CURRENT
- If appropriate include recognitions, press releases / news stories, current community work (support), positive leadership activity (ex. welcoming new VP)
- ALL TIES BACK TO what information would be of value to someone looking at your website

VERBAL INTRODUCTION

PREPARED VERBAL INTRODUCTION OF YOUR BUSINESS

- SHORT and TIGHT introductory statement – maybe 30 seconds or so
 - Who you are
 - What you do
 - KEEP IT BUSINESS
 - Try it – refine it – try it – refine it – until you feel it is just right

Good afternoon. Example - My name is Red Green, President of the Green Barge Company based in Jacksonville, Florida. Our company specializes in shoreline clean up and reconstruction.

PREPARED VERBAL “ABOUT YOUR BUSINESS”

You would use this as your discussions continue or if you are in a situation where a longer opening is available and appropriate – 1 – 2 minutes

*My name is Red Green, President of the Green Barge Company based in Jacksonville, Florida. Our company specializes in shoreline clean up and reconstruction. We are currently working with the **USACE** on repairing areas on the St. Josephs River damaged after **Hurricane Irma**. Green Barge is **certified as a HUBZone** with **10 years of experience** in shoreline work. We have an experienced crew with a **superior safety record**.*

PREPARED VERBAL “ABOUT YOUR BUSINESS”

- You should **NOT** add “negative” qualifiers at this point such as
 - This is your first government work – talk about your commercial success
 - You have issues of any kind – will want to disclose that information, but not in the initial conversation

What not to do

My name is Jack Smith, President of the Smith Manufacturing Corp. We are based in Milwaukee, WI. We have a floor full of equipment that can be used to fabricate parts up that are up to 3 feet long. We are not ISO but we do check every part. We tried government work a few years ago, but it did not get us any work. So I am looking for some long term contracts.

MORE ABOUT THE VERBAL PART

- DO YOUR HOMEWORK - it impresses AND is at some level expected
- Remember that when you are speaking to a buyer of government / prime representative – they talk to MANY companies. Respect their time and understand they may not remember you the first couple of times. **RELATIONSHIP BUILDING TAKES TIME.**
- Don't have a CHIP on your shoulder – it shows quickly
- Don't look like you just got out of bed
- Be confident not arrogant
- This is BUSINESS
