

Northern Wings

Northern Wings is an AS9100 certified – Small Business – Aerospace and Defense contractor, providing Build to Print Manufacturing, Material Procurement and Logistics Support, and Repair and Overhaul Management in support of some of the most sophisticated and advanced programs in the nation. Beginning in 2001 with only two employees in a small farm field pole barn located in Michigan’s Upper Peninsula, Northern Wings has grown year over year since, and now operates with nearly 30,000 square feet of production and warehousing space, and three locations.
