NDIA Great Lakes

303 N Main St #801

Rockford, IL 61101

To Our Dedicated Sponsors:

In response to recent events in Afghanistan, our Chapter is donating a portion of sponsor proceeds to a nonprofit supporting ongoing efforts for Afghanistan Refugees at Fort McCoy (WI). National Defense Industrial Association (NDIA) is America's leading defense industry association promoting national security. With 29 chapters located near major military commands, research centers, and defense agencies, NDIA informs 1,570 corporate and 63,000 individual members about national security and the industrial base. We appreciate your consideration and hope you benefit from increasing brand awareness across our expanded network and membership base. Your contributions will support our 1,000+ NDIA Great Lakes Chapter members, veterans, small businesses, and students with new programs, services, and STEM Scholarships. Thank you for your support and dedication to The Mission.

Sincerely,

Board of Directors, NDIA Great Lakes Chapter
