The JCP was established in 1985 to allow United States (U.S.)/Canadian contractors to apply for access to Department of Defense/Department of National Defence (DOD/DND) unclassified export controlled technical data/critical technology on an equally favorable basis in accordance with DODD 5230.25, "Withholding of Unclassified Technical Data and Technology from Public Disclosure," and Canadian Technical Data Control Regulations.

The JCO:

- is a jointly staffed office and the only DOD/DND agency that reviews and certifies the [DD Form 2345](#) (PDF).
- provides customer support to defense contractors applying for certification.
- receives, processes and maintains approximately 9,000 [DD Form 2345s](#) (PDF) annually.
- establishes JCP policy based on DOD/DND Directives.
- consults and cooperates with government stakeholders in the development of common industrial security policies, procedures and technology controls.
- partners with DOD legal counsel and federal law enforcement on debarment actions.

FEDCONNECT

- FedConnect is owned by a private company not affiliated directly with any government agency or with SAM.gov.
- FedConnect is a portal site which relays information between the Vendor/Contractor/Recipient and the agency regarding opportunities and awards that the agency posts to FedConnect.

FEDCONNECT

The FedConnect application will be undergoing monthly maintenance and unavailable October 29th, 8pm through October 30th, 8am.

Do you want the US federal government to buy your products or services? Or, are you seeking grants or assistance funding?

FedConnect can help. Every day, FedConnect helps over 100,000 vendors and grant applicants, find, respond to and win opportunities for contracts, grants, and other types of assistance funding. To learn more about how FedConnect works, click here to review the tutorial.

Do you work for a federal agency?

FedConnect is the perfect complement to SAM Contract Opportunities (beta.SAM.gov) and Grants.gov. FedConnect goes beyond the basic features of those systems to provide full lifecycle support including the ability to post opportunities, receive responses, deliver awards, and communicate throughout the pre-award, award, and post-award phases using FedConnect's secure 2-way messaging.

Bidding Requirements

Instructions

Open Market: Open Market bids are accepted in this solicitation; however, please refer to the specifications below, including 'Set-Aside Requirement' provision, for additional requirements.

Lowest Price Technically Acceptable (LPTA): See Buy Terms

Purchase Description Determined by Line Item: The solicitation requires that Buyer evaluates bids on a line item basis; therefore, each line item will include applicable evaluation criteria. For all line items, Sellers MUST enter exactly what they are bidding (including make, model, and description) into the blank description field in order for the bid to be considered.

Minimum Bid Decrement is \$100: The Buyer is requiring that any rebid must be lower than the 'current bid price' by this amount. The reduction is based on the total order and must be satisfied within the rebid minimum.

IDIQ Indefinite Contract: The Indefinite-Delivery/Indefinite-Quantity Contract ("IDIQ") shall establish a single-award or multiple-award IDIQ contracts setting forth the terms for Buyers to issue delivery orders and/or task orders. The Buyer intends to award either a single-award IDIQ Contract or multiple-award IDIQ Contracts for the same or similar products and/or services unless specified in the Buy Terms section.

Set-Aside Requirement: This solicitation is a Small Business Set-Aside and only qualified Sellers can bid.

Use of Unison Marketplace: Buyers and Sellers agree to conduct this transaction through Unison Marketplace in compliance with the Unison Marketplace Terms of Use. Failure to comply with the below terms and conditions may result in offer being determined as non-responsive.

Question Submission: Interested offerors must submit any questions concerning the solicitation at the earliest time possible to enable the buyer to respond. Questions can be submitted by using the 'Questions & Responses' link. Questions not received within a reasonable time prior to close of the solicitation may not be considered.

Default Terms: Unless otherwise specified in the Buy Terms, below, Bid must be good for 30 calendar days after close of Buy and shipping must be free on board (FOB) destination CONUS (Continental U.S.)

Period of Performance: **Base:** 11/30/2022 - 11/30/2023
Option 1: 12/01/2023 - 11/30/2024
Option 2: 12/01/2024 - 11/30/2025
Option 3: 12/01/2024 - 11/30/2025

Special Delivery Instructions: The Buyer has provided special instructions for delivery – See Statement of Work/Delivery Attachment.

OTHER TRANSACTION AGREEMENTS

Other Transaction Agreement: A transaction other than a procurement contract, grant, or cooperative agreement. Since this type of transaction is defined in the negative, it could take an unlimited number of potential forms.

OTHER TRANSACTION AGREEMENTS

DOD sometimes awards funds via an "other transaction agreement." OTAs allow for more flexibility than traditional contracts do, enabling DOD to partner with contractors it hasn't worked with before. DOD can award OTAs to an individual organization (like a contractor) or to a consortium, which is a group of organizations focused on a specific technology area (like cybersecurity).

OTHER TRANSACTION AGREEMENTS

Defense Advance Research Project Agency (DARPA) Example

Other Transactions for Prototypes must meet one of the following conditions:

- At least one nontraditional defense contractor or nonprofit research institution is participating to a significant extent; or
- All significant participants in the transaction other than the Federal Government are small businesses or nontraditional defense contractors; or
- At least one third of the total cost of the prototype project is to be paid out of funds provided by sources other than the Federal Government; or
- Senior Procurement Executive for the agency determines exceptional circumstances exist that would justify use of the authority

Government approval thresholds to use Other Transactions for Prototypes:

- \$100M or less Contracting Officer
- \$100M+ to \$500M Director, DARPA
- \$500M+ USD(R&E) or USD(A&S)

General Dynamics Enterprise Supplier Registration Portal

We are committed
that is represented

Welcome to the General Dynamics Supplier Registration Portal. General Dynamics' on-line supplier registration process is designed to help General Dynamics companies better identify potential suppliers when opportunities arise. Registration does not constitute approval as a supplier, companies will be evaluated on an opportunity driven basis for teaming and procurement. Registration is an important element in our search for innovative, efficient, and timely supplier, subcontractor and teaming resources. Your registration enables General Dynamics personnel to view your capabilities.

Create An Account

By registering on this site, you agree that all information you have provided may be shared among General Dynamics and government representatives. General Dynamics will use the information you provide consistent for business purposes and requirements, which could include providing information to the government.

It is a criminal offense to make false statements or misrepresent a firm's status as a small business concern. Penalties are prescribed under 15 U.S.C. 645(d).
