

2025 INNOVATION CAFÉ

INDUSTRIALIZED CONSTRUCTION: TECHNOLOGY BASED ECONOMIC DEVELOPMENT

ABOUT THE EVENT

The Innovation Café is an annual “strategic action” planning gathering to network and chat with national thought leaders and experts around varied innovation issues important in the economy.

Our focus this year will be industrialized construction and how it is being used to revive American manufacturing by combining construction and advanced manufacturing to facilitate greater economic development outcomes.

Join us for a continental breakfast, networking, and industrialized construction panel discussions.
