Organization Description

Oshkosh Defense's family of vehicles and mobility technology solutions sets the industry standard for excellence. We are a global leader in defense technologies and the design, production, and sustainment of advanced military vehicles and mobility systems. We are also an emerging leader in the delivery and electric fleet vehicle market.

Over the past 100+ years, we have delivered and sustained more than 190,000 combat-ready vehicles in more than 20 countries. We harness our engineering expertise to redefine the limits of defense technology and military vehicle performance. We design every innovation, product, and service to advance off-road mobility, survivability, power generation, and fuel economy to help troops complete their missions successfully.
